TELEGRAPHIC

Winnipeg, May 11, 1903.
THE GRAIN MARKET.
Fort William, wheat, No. 1 hard, spot 77 cents a bushel.
Winnipeg oats, No. 2 white, 30 1-2 cents a bushel.

RUSSIA WITHDRAWS HER TROOPS.
The Russian troops have been withdrawn from New-Chwang.

WHEAT IS BUOYANT.
Chicago wheat prices were strong and steady Saturday.

SIAMROCK III VICTORIOUS.
Siamroek III easily defeated Shamroek I in an 18 hour spin.

STRIKE PRACTICALLY SETTLED.
The longshoremen's strike in Montreal has been practically settled.

A BIG FIRE IN OTTAWA.
Sunday afternoon a fire destroyed three hundred dwellings and homes in Ottawa.

AN IMMENSE IMMIGRATION.
During the last two months 78,000 immigrants have arrived in Western Canada.

BIG INDUSTRY FOR SYDNEY.
A ship building plant and dry dock on an enormous scale is assured for Sydney, Cape Breton.

CLEVELAND HAS HAD ENOUGH.
Grover Cleveland states he has no desire to run again for the Presidency of the United States.

PASSENGER TRAINS COLLIDE.
Passenger trains on the Mohawk and Malone railway came together at full speed at Utica, New York.

N. B. LAND GRANT PARTIALLY SOLD.
Some 1,000,000 acres of the Canadian Northern land grant has been sold to the Davidson syndicate.

WINNIPEG BURGLAR ARRESTED.
Robert Hamilton, the burglar who stole several Winnipeg residences recently and carried off much booty has been arrested.

EDMONTON RIFLE ASSOCIATION.
A dozen members of the association went out to the ranges on Wednesday afternoon, 6th inst., and shot at 200, 500 and 600 yards.

Out of a possible 75 points the following were top scores:—
G. W. Muller 60
A. Cameron 59
J. F. Forbes 56
J. McInnes 51

On Saturday afternoon the regular practice took place, but, owing to there being 26 members present, 200 and 500 yards were the only ranges used.

Out of a possible 50 points the following were top scores:—
F. McNaughten 44
J. F. Forbes 40
Geo. A. Reed 37
T. H. Whitelaw, M.D. 35
J. McInnes 33
A. Cameron 32

A considerable improvement is already noticeable in the shooting, as is evidenced by the fact that, whereas 70 per cent. took first place a week ago, it required 80 per cent. to take the same place at Wednesday's and the same place at Saturday's practice.

The association has lately been advised that the new rifles, the "Ross" presumably, are being equipped with wind gauge sights, thus permitting of adjustment for both wind and lateral drift of bullet, which will very materially facilitate fine shooting and give opportunity for fully utilizing the remarkable powers of precision possessed by the present Lee-Enfield barrel and ammunition. It is intimated that the rifles at present in use will likely be recalled and replaced with the new arm.

—Const. Warren, who has served 20 years in the Northwest Mounted Police, and who has now retired on pension, will leave shortly for British Columbia. From British Columbia he goes to Ontario to visit relatives. He intends bringing several cars of stock back with him from Ontario and will start a ranch in the famous Peter river country, a district that Constable Warren knows well.

—Work has been commenced on the sidewalk down the Bellamy grade. It will be laid on the east side of the street down opposite to Mr. Bellamy's house, where it will cross the street and continue on down the west side of the street to the station. The street is being graded down and the road-side brushed. Several short streets in the vicinity of the station are being brushed and opened.

ANNUAL MEETING.
The annual meeting of the Methodist Sabbath School was held in the church on Friday evening of last week when reports for the past year were read and officers elected for the coming year. The reports were eminently satisfactory, the attendance having just about doubled during the year, and the finances being in splendid condition. Mr. A. Butcher is superintendent, Mr. J. E. Buchanan, secretary, and Mr. G. W. Mathers, superintendent of Chinese work. With a faithful and energetic staff of officers and teachers the prospects for a successful year in the school are bright.

The Building Boom

is now on and the demand for lumber is very keen. If you want to get materials on the ground in time for your building you had better order from us at once. The undecided man puts things off. He always waits until tomorrow to do what he can do today. Then he waits until the next day so he can change it back again. In the meantime, lumber gets scarce, prices go up and he blames the lumber combine. Alberts lumber is scarce now, but we are shipping in B.C. lumber as fast as we can get it, at the rate of a car a day, and we can take care of your order if you give us a chance.

FLYTIME is now here and the flies are always plentiful. Better place your orders at once for screen doors and windows. It is much easier to keep out the flies than to drive them out when they get in.

MONDAY, MAY 11TH, 1903.

The Grand Trunk Pacific.
Montreal, May 6.—That the Grand Trunk Pacific promoters had definitely decided to abandon the project of building across the narrows of Lake Winnipeg and would have their transcontinental line run through the city of Winnipeg, was the announcement made this afternoon by R. S. Logan, on behalf of the management of the Grand Trunk.

Sir Charles Rivers Wilson and Mr. Hays arrived in the city by special train from St. Louis today, and will go to Ottawa tonight to be present when the Grand Trunk Pacific bill is brought down tomorrow. The official explanation of the company's line through the west, was that, contrary to expectation, it had been found possible to build right through Winnipeg. From this point the line will run in a northwesterly direction through the Saskatoon district to Battleford, where a branch line will be built to Calgary, while the main line will continue on to Edmonton. From this point the company will build two lines to the coast, one through the Yellowhead Pass to Butte Inlet, and the second through the Peace River Pass to Port Simpson. From the latter line an extension is proposed north to Dawson.

The eastern end of this line will extend from North Bay to Quebec. This portion will, of course, be carried north of the St. Lawrence, with a mileage of about 525 miles of new road. The distance from Quebec to Port Simpson by the Grand Trunk Pacific will be 8,205 miles, or about 59 miles shorter than the distance from Quebec to Vancouver over the Canadian Pacific. Port Simpson is nearer the Yukon by about 500 miles than Vancouver.

Mr. Hays is of opinion that with a first-class main line traversing the west, with numerous branches collecting grain, as well as a well-equipped outlet to Port Arthur, he will be able in conjunction with an adequate fleet of lake steamers and with the lines of the Grand Trunk proper to handle at least 30,000,000 bushels of wheat every season before lake navigation closes and to store 20,000,000 more at Ontario lake ports in readiness for transportation to the Canadian seaboard during the winter.

BRITAIN AND UNITED STATES INCENSED

London, May 6.—A dispatch to the Times from Peking says that the discrepancy in the assurances regarding her demands upon China given by Russia to different powers excites much interest in Peking. It is noted that her denials are gradually merging into admissions. The correspondent adds that a ready test of Russia's sincerity would be insistence on the part of the three powers chiefly interested that China forthwith declares open three new treaty ports in Manchuria.

It is necessary to speak a few plain words about this crisis, which vitally affects the interests of every country, great or small. There are certain rules or cardinal principles of diplomacy, without which intercourse between nations becomes impossible. One of these is the sacredness of treaty obligations. That they should be openly defied simply brings diplomacy to an end, and leaves the world at the mercy of that primitive arbiter of destiny, force. It is impossible to avoid bringing against Russia today the direct accusation of this sacred unknown, but greatest of crimes. Her recent course in both the near and the far east involves an absolute defiance of the fundamental rules of international intercourse.

After giving several instances of such conduct, the Times' correspondent adds, "It is of course, greatly to Russia's chagrin that the official text of her demands now becomes public. They suffice to show that denials made three days ago by the Russian ambassador at Washington and London were nothing more than insults to the British and American nations in their shameless mendacity."

War Clouds in the Balkans

Constantinople, May 6.—The irritation in Turkish official circles against Bulgaria is constantly growing more acute, and the government of that principality has been formally notified

in rigorous language that the Porte holds it responsible for the outrages arising from the freedom of action which the Macedonian agitators living in Bulgaria have been allowed.

It is reported that the Porte has decided to mobilize the whole of the second and third army corps stationed at Adrianople and Salonica respectively.

The police of Constantinople have arrested about sixty Bulgarians and have made numerous domiciliary visits including one to the residence of the secretary of the Bulgarian diplomatic agency, whose papers were seized. They were, however, subsequently restored, as nothing compromising was discovered therein.

Alarming reports are in circulation regarding outrages which are said to be projected here for today. The military and police guards in this city and its suburbs have been considerably strengthened in the district of Pinar, Albania, twenty-two Albanian chiefs, leaders of the opposition to the reforms, have been arrested.

The Sultan's reform committee is still at Ipek, Albania, on which place Turkish troops are advancing with the object of dispersing the hostile Albanians in the vicinity.

Opposite P. O., Edmonton, Alta.

Sealed tenders addressed to the undersigned and endorsed "Tender for Jail, Edmonton, Alberta, N.W.T." will be received at this office until Thursday, May 28th, 1903, inclusively, for Jail at Edmonton, Alberta, N.W.T.

Plans and specification can be seen and form of tender obtained at this Department, on application to the Caretaker of the Post Office, Calgary, N.W.T. and at the Dominion Land Office, Edmonton, N.W.T., on and after May 7, 1903.

Persons tendering are notified that tenders will not be considered unless made on the form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted check on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted the check will be returned.

The department does not bind itself to accept the lowest or any tender.

By order, FRED GEEHANAS, Secretary.

Department of Public Works, Ottawa, May 1, 1903.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. E.W.-53-54-c.

EGG LAKE

Wheat sowing is nearly finished in this district.

Large numbers of settlers are still passing up into the Edison Settlement and there is sale for all the eggs, butter, seed grain, pork, and stock. But Egg Lake can furnish. Parties of newcomers are stopping at Logan's nearly every night, most of whom are bringing in their families and effects. A few head of cattle are also being brought in. There will probably be hard times ahead of some of these people before the year is over. Many of them have very poor ideas as to what they really need to take with them and their supplies of provisions and other necessities are rather scanty. Egg Lake twenty miles away, is their nearest base of supplies while Edmonton is about fifty. Over our early summer roads if it is no joke to travel forty or a hundred miles, and the more they are travelled the worse the mudholes become. Around Egg Lake are some farms, the finest land in the country, which could be rented at reasonable rates. Many of these settlers would find it to their advantage to rent a farm here for a year or so before going further north, and we have no doubt that if they did so they would end up by purchasing land right here, instead of toiling on twenty miles.

On Sunday N. E. Logan went north with Mr. and Mrs. Shutt, who came from Strathcona in a lively rig on Saturday. This was Mrs. Shutt's first experience of Alberta spring roads, and the contrast they offered to English roads was not exactly encouraging to a new comer.

Joe Page took a load as far north as Trude's on Tuesday for the Golder brothers, also lately arrived from England.

We are sorry to learn of the un-
wasting of our member, D. Maloney, as
he was making himself very useful to
the new parts of the district. We hope
that he will run again in case of a
new election, and have no doubt that
Egg Lake, at least, will do the best
it can for him.

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

THE PEACE RIVER COUNTRY

As a further evidence of the enlightenment of the East regarding the resources and extent of Western Canada, we reproduce the following article from the editorial columns of the Toronto Globe.

"In connection with the subject of railway development in the Northwest Territory, it should never be forgotten that for climate, soil, and extent no section of that vast region surpasses the Peace River District. It lies far to the north, it is true, but longitude appears to have more to do in the west with mean temperature than latitude here. The soil is of the right sort to produce the characteristic hard wheat, beside which all other cereals sink into insignificance in point of diastolic merit. There are many millions of acres of almost unbroken excellence, well supplied with pure water, and of great natural fertility and beauty. The Peace River country is bound to be very soon a great resort for immigrants.

"If a second transcontinental railway is pushed through far to the north of the present main line of the Canadian Pacific, it will bring this vast region within measurable distance of the wheat market of the world. The Peace River flows through the Rocky Mountains from its low altitude extremely favorable to railway construction and operation. There is not a great deal of timber on the land, but there is good reason to believe large coal deposits exist under much of its surface. Whenever the question of broadening the settled part of the Dominion presents itself for consideration the Peace River district cannot long be ignored. It is bound to become one of the granaries of the world, and it has not yet been broken into."

NOTICE.

To Contractors, Farmers and all who have machines liable to renewal or repair.

The business heretofore carried on under the name of the "Edmonton Iron Works" will now be transacted by the "Edmonton Iron Working Company" at the same place of business as in the past.

The new company is now installing new machinery as fast as it can be got upon the ground. The company is also prepared to furnish to the various trades all cast iron work and machined castings at a price that will prohibit importation of these things.

CONTRACTORS.

Contractors can procure cast iron columns of any design, ash weights, ash doors, truss rods, bolts, and nuts, for building and bridging purposes, etc., on shortest reasonable notice.

FARMERS.

Farmers can have their mowers, binders and threshers overhauled and put in first class state, thus, in any case, saving the expense of a new machine for some years.

OWNERS OF ENGINES AND BOILERS.

Competent men are always on hand to go into the country and repair engines and boilers that cannot be brought to the shops.

Tubes, steel for patches, patch bolts, etc., always on hand.

TERMS.

Terms cash, except in cases of contra accounts.

The new company asks no favor from the public except opportunity; therefore if work is not promptly and satisfactorily performed it will be deemed sufficient reason for the discontinuance of the customer.

Customers will confer a favor upon the company by reporting any laxity or discourtesy by the employees in the performance of their work.
